Re: Primetime Emmys Governors Ball

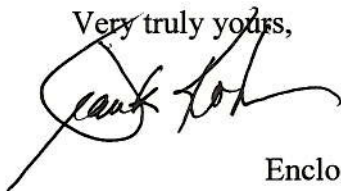

Dear Pouria,

It has been a month or so since the 60th Primetime Emmy Awards Governors Ball and we are just about catching our breath. After having the time to reflect back on the festivities, I wanted to drop you a note to express our appreciation to you and your staff.

This year's Governors Ball was a massive undertaking that became more challenging with our move to the convention center. We quickly needed to become familiar with our new home for the Governors Ball. Your staff was always available to assist and advise us as we transformed the West Hall into what is generally agreed to have been our finest Governors Ball. We truly would not have been able to accomplish this transformation without the dedicated efforts of Denise Bell, Claudia Brett, Tom Fields, Estella Flores, Duane Gornicki, Tom Wendling and Chef Rick Wineman. Your staff collaborating with our event producer, Sequoia Productions and caterer, Patina, showed our guests that the Television Academy not only recognizes excellence in television, but we can produce a pretty good party. The Los Angeles Convention Center lived up to its motto; "World Class Facility, World Class Service."

We at the Television Academy look forward to building upon the success of the 60th Primetime Emmy Awards Governors Ball and strengthening our relationship with you and your staff. I am pleased to enclose a few posters we hope will find their way onto the walls of the convention center.

Very truly yours,
